

DISK LIGHT SERIES

Slim Disk Luminaire

Project Name:

Fixture:

WHEN MOTION IS DETECTED,
IT AUTOMATICALLY TURNS LIGHTS ON
AND TURNS THE LIGHT OFF AFTER 30
SECONDS WHEN NO MOTION IS DETECTED

TECHNICAL DATA

PRODUCT	DSKL6-15WCC-M
WATTAGE	15W
LUMENS	850 LM
EFFICACY	56 LM/W
DIAMETER	6"
VOLTAGE	120V
CRI	>80
CCT	3000K/4000K/5000K Changeable
BEAM ANGLE	120°
POWER FACTOR	>0.9
THD	<20%
WORKING TEMP.	-13°F ~ 104°F

DESCRIPTION

The Disk Light SLIM design with its low profile design, color changeability, and motion sensing makes it a great fixture for residential closets, hallways, bathrooms and basements. It also works well on commercial areas such as storage units, storage closets, building maintenance areas and bathrooms. Easy to install and light weight construction as well as cost saving operation makes it a very versatile fixture.

INTENDED USE

The Disk Light Slim is ideal for illuminating residential and commercial bathrooms, residential and commercial closets, hallways and maintenance areas.
